# Lifehouse - Good Enough

Tom: G

```
   G           G
It seems the more we talk
G      G
The less I have to say
Em7                        C
Let's put our differences aside
G           G
I wanted to make you proud
G          G
But I just got in your way
Em7                        C
I found a place that I can hide

D
Now everything is changing
Em7                  C
But I still feel the same
D
Are we running out of time

                   G
What do I have to do
                   C
To try to make you see
                   G
That this is who I am
            D            C
And it's all that I can be

G          G
I tried to find myself
G      G
Looking inside your eyes
Em7                            C
You were all that I wanted to be
G            G
There must be something else
G      G
Behind all the lies
Em7                      C
That you wanted me to believe

D
Now everyone is saying
Em7                  C
That I should find a way

D
To leave it all behind

                   G
What do I have to do
                    C
To try to make you see
                   G
That this is who I am
                D            C
And it's all that I can be

                   G
What do I have to do
                    C
To try to make you see
                   G
Trying to be like you
        D               C  Em7  D
Isn't good enough for me

                     C  Em7  D
And I won't let you go
                          Am  Em7  D
And I won't let you down
                   C  Em7  D
I won´t give you up
                         Am7     Em7  D
Don't you give up on me now

                         G
What do I have to do
                    C
To try to make you see
                    D
That this is who I am
                         C
And it's all that I can be

                   G
What do I have to do
                    C
To try to make you see
                   D
Trying to be like you
                       C
Isn't good enough for me
```
