

Lifehouse - Only one

Tom: Eb

[INT] -> Eb - Ab
Eb - Ab

Eb
 She's got a pretty smile
 It covers up the poison that she hides
 She walks around in circles in my head
 Waiting for a chance to break me
 A chance to take me down
 Now I see this burden you gave me
 is too much to carry
 Too much to bury inside
 I guess you're the only one
 That nobody changes
 I guess you're the only one left standing when everything else
 goes down
 You're still the only one
 You're still the only one

Eb - Ab

It's all shallow and all so appealing
 I'm up to my ankles and I'm drowning anyway in a sea of
 Sarcastic faces
 Familiar places
 Where everything looks
 Quite the same here it's
 All confusingly amusing bitter and tainted
 The picture you painted to me
 I guess you're the only one
 That nobody changes
 I guess you're the only one left standing when everything else
 goes down
 You're still the only one
 Who will never change faces
 I guess you're the only one left standing when everything else
 goes down

Just 'cause it's all in your head
 Doesn't mean it has to be in mine
 Don't believe what you said
 Still can't get it out of my mind
 I've tried to find myself in approval
 I've already been there
 Already done that
 It got me nowhere
 It brought me nothing but
 A good place to hide in
 No one to confide in now
 I guess you're the only one that nobody changes
 I guess you're the only one who will never
 Change faces i guess you're the only one

Tuned down half a step maybe? Suuure:

Acordes
