Lifehouse - Only one

Eb - Ab Eb - Ab [INT] -> Eb She's got a pretty smile It covers up the poison that she hides Cm She walks around in circles in my head Ab Waiting for a chance to break me A chance to take me down Bb Now I see this burden you gave me Ab is too much to carry Too much to bury inside I guess you're the only one That nobody changes I guess you're the only one left standing when everything else It brought me nothing but goes down You're still the only one You're still the only one

Eb - Ab

It's all shallow and all so appealing I'm up to my ankles and I'm drowning anyway in a sea of Sarcastic faces Familiar places Where everything looks Quite the same here it's All confusingly amusing bitter and tainted The picture you painted to me I guess you're the only one That nobody changes I guess you're the only one left standing when everything else goes down You're still the only one Who will never change faces I guess you're the only one left standing when everything else goes down Just 'cause it's all in your head Doesn't mean it has to be in mine Don't believe what you said Still can't get it out of my mind I've tried to find myself in approval I've already been there Already done that It got me nowhere A good place to hide in No one to confide in now I guess you're the only one that nobody changes

Tuned down half a step maybe? Suuure:

I guess you're the only one who will never

Change faces i guess you're the only one
