Eb  
 tainted  
 C  
 has our love gone cold

 in a place that's bitter and broken  
 Eb C  
 tasted of a world I know  
 F Ab  
 surely there must be something better  
 G  
 something forever

Chorus:

C  
 hello  
 Ab  
 from the world below  
 F  
 I'm watching the sun burning  
 A  
 as the road is slowly turning  
 C  
 well I know  
 Ab  
 that in letting go  
 F  
 I'm learning how to live  
 A  
 through a life I have to give

II:

( do the 1st verse chords )  
walking

past the city lights  
 silence can be so disturbing  
 you'll find me standing in the night  
 the stars never seem so unending  
 so unending

Ab  
 but we painted  
 whitewashed everything  
 C Ab  
 when all that remains are

shadows of the stains  
 C  
 tell me

Ab  
 where did we go wrong  
 G  
 can we just move on

( do the Chorus chords )  
 hello  
 from the world below  
 while I'm watching the sun burning  
 as the road is slowly turning  
 when I know  
 that in letting go  
 I'm learning how to live  
 through a life I have to give

( do the Chorus chords )  
 hello  
 to the world below  
 while I'm watching the world spinning  
 this night seems so unending  
 well I'll follow  
 to a place I know  
 that's only the beginning  
 start over after ending
