 Hanging on a warning

 You said you were pretending
 Here's to unhappy endings

 To make sure yesterday doesn't repeat
 I took a shortcut home
 A left on the street

 I know they won't find me here
Dm
 I found out how to make mama proud
 Be real quiet, don't talk too loud
Gm A
 I try, try to disappear
Dm
 My life is for the taking
Gm
 Breakdown is awaking me

A

I'm ending all this pain

 When you find me in the morning
 Hanging on a warning
 Oh... The joke is on you
 You said you were pretending
 Here's to unhappy endings
 Oh... The joke is on you

 This is my last day
 Should have been my first kiss
 Think to myself will I ever be missed?
 I hope... Or maybe I don't care
 I wear my team around my neck
 I love them so much
 Gonna love them to death
 Tonight... See the world through my eyes

 My life is for the taking
 Breakdown is erasing me
 I'm ending all this pain

 My great escape
 Is my biggest mistake
 I think you better turn around
 Don't throw it away
 Today... Today...
