

Lily Allen - He Wasn't There

```
Intro: G F C
                                                               Because I know you'll always love me very much
                                                               You are my hero in disguise
He wasn't there when I needed him
No, he was never around
                                                               I'm so pleased I never gave up on him
                                                               Oh well you wouldn't believe some of the things that he did
His reputation was preceding him
And he was out on the town
                                                                And everyone said you have to give him some time
It didn't matter if he let me down
                                                               And I'm glad that I gave it to him cause now everything's fine
I didn't care about the lies
Now all I knew was that he loved me very much
                                                               You might have thought you didn't teach me much
He was my hero in disguise
                                                               But you taught me right from wrong
                                                                And it was when you didn't keep in touch
I'm so pleased I never gave up on him
                                                               Well it taught me to be strong
Oh well you wouldn't believe some of the things that he did
                                                                And just in case you ever thought I would
And everyone said you have to give him some time
                                                             C I wouldn't change you for the world
And I'm glad that I gave it to him cause now everything's fine
                                                                Because I know you'll always love me very much
Now you see I never thought you'd be
                                                                I'll always be you're little girl
a constant person in my life
                                                               I'm so pleased I never gave up on him
And I don't think that you would be if
                                                               Oh well you wouldn't believe some of the things that he did
you'd have stayed with your ex wife
                                                               And everyone said you have to give him some time
I know you wouldn't but there is no need
No need to apologise
                                                               And I'm glad that I gave it to him cause now everything's fine
