Lyrics to 9 teen 90 nine:

Chorus:

So lets make something out of it, this way we can all relate,  
 world wide, we collide, this is how we communicate.  
 So lets make something out of it, whoever thought we wuold see  
 the day,  
 I cant believe we did it, so lets drift away.

Pre-Chorus:

No use in dreadin', what they call Armageddon. I think we  
 made it through the slump.  
 But who really cares where we're headin, cause now you mother  
 fers got a reason to jump!

Verse 1 :

Fame, you're claiming is the top of the world, but this stage,  
 I'm claiming is the top of the world.  
 Love, I'm feeling when you people connect. And if you're out  
 in the crowd, you're getting more than respect.  
 And if you're wondering, I got plenty of flows, I'm makin  
 plenty of friends, and many are foes,  
 But as the audience grows, security knows, stoppin me know is  
 kind of serious.

Verse 2 :

Hate, a feeling I don't really get, Hate, can get you in some  
 serious s.  
 Time, is something that may change me, but I cant change time,  
 so f it.  
 I've been stumbling through these thoughts and I bought, the  
 fact, that i could be delirious.  
 But as the audience grows, security knows, stoppin me now is  
 kind of serious.  
 Intro: to climax:

Hey, Hey, we see good things change and good things go away.  
 We see good things waste and we taste the pain.  
 What we need is a place to escape from today,  
 What we need is a place to escape from today.

Climax:

Bring it on!

You wanna be down with the G-Shock, f the glam rock, assed out  
 like Ken Shamrock  
 M.C.'s detest me want to chest to chest me, But I aint all  
 about that!  
 You gotta be down with the G-Shock, f the glam rock, assed out  
 like Ken Shamrock  
 M.C.'s detest me, want to chest to chest me, but you dont want  
 none of that!

Where we at?

Dont stop! Its nine teen ninety nine.  
 Dont stop! Its nine teen ninety nine, baby.
