

Lindsay Lohan - What Are You Waiting For

tom:

A

D E A

Sometimes I get that overwhelming feeling

D E A

So sad, the faces on tv

D

If I tried to make a difference

E A

Would it help anyway?

D E Gbm

But then I stop and to myself I say

D A

So you wanna change the world?

E Gbm

What are you waiting for?

D A

Say you're gonna start right now

E Gbm

What are you waiting for?

D

It only takes one voice

E D

So come on now and shout it out

E

Give a little more

D

What are you waiting for?

D E A

Sometimes, I feel a little helpless

D E A

Seems like I can't do a thing

D

But anything is possible

E A

Just you wait and see

D E Gbm

Good things happen, if you just believe

D A

So you wanna change the world?

E Gbm

What are you waiting for?

D A

Say you're gonna start right now

E Gbm

What are you waiting for?

D

It only takes one voice

E D

So come on now and shout it out

E

Give a little more, what are you waiting

C G D A

Someday, somehow. I'm gonna take that step

C G D

Cause time is tickin' away

C G

Right here, right now

D A

Before it's too late

C G E

I'm gonna face tomorrow today

(Gbm D A E)

Gbm D A E

Don't wait!

Gbm D A

So you wanna change the world?

E Gbm

What are you waiting for?

D A

Say you're gonna start right now

E Gbm

What are you waiting for?

D

It only takes one voice

E D

So come on now and shout it out

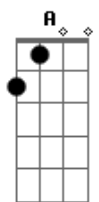

E

Give a little more

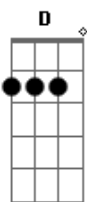

Gbm D A E

What are you waiting
