Linkin Park - Burn It Down

Tom: C

Intro: Dm F Am G

```
Dm              F
The cycle repeated
        C                  G
as explosions broke in the sky
                 Dm    F
all that I needed
       C                    G
was the one thing I couldn't find
            Dm
And you were there at the turn
F            C  G
Waiting to let me know

Refrão:
                 Dm
We're building it up
F             C  G
To break it back down
                 Dm   F
We're building this up
        C
To burn it down
We can't wait
 G              Dm  F C G
To burn it to the ground

            Dm   F
The colors conflicted
       C                   G
as the flames climbed into the clouds
         Dm      F
I wanted to fix this
       C                  G
but couldn't stop from tearing it down

            Dm
And you were caught at the turn
F                   C  G
caught in the burning glow
```

```
            Dm
And I was there at the turn
F                   C  G
Waiting to let you know

Refrão: Dm F C G
              Dm
You told me yes

You held me high
       F
And I believed when you told that lie
                 C
I played that soldier

You played king
                G
And struck me down when I kissed that ring
          Dm
You lost that right to hold that crown
              F
I built you up but you let me down
      C
 so when you fall

I'll take my turn
             G
and fan the flames as your blazes burn

            Dm
And you were there at the turn
F            C   G
Waiting to let me know
Ref: Dm F C G

              Dm
When you fall

I'll take my turn
