

Linkin Park - By Myself Remix

Tom: **C**

Yo.

I'm only sixteen.

This iz my first tab that i have ever posted to Ultimate Guitar and thiz iz song "By Myself" by myself. Get it? So i would like some feedback after you have analyzed thiz tab. U can e-mail me at .

This rad song iz very reggae and i like it becoz' of itz guitar riffs. Itz the least popular song in both Hybrid Theory n Reanimation, but i still love it, becoz it relates a lot to me. Tuning is drop **D** (DADGBE).

Myself!!!!

M/m/m/m/myself!!!!

What do i do to ignore them behind me?
Do i follow my instinct blindly?
Do i hide myself from this bad dreams
Or give in the sad thoughts that are maddening?

Do i sit here and try to stand it?
Or do i try to catch them red-handed?
Do i trust some and get fooled by phoniness,
Or do I trust nobody and live in loneliness?
Because I can't hold on when I'm stretched so thin
I make the right moves but I'm lost within
I put on my daily façade but then
I just end up getting hurt again
By myself

Myself!

I ask why
But in my mind i find
I can't rely on myself
Myself/f/f/f/f!!!!

I ask why
But in my mind i find
I can't rely on myself

I can't look around
It's too much to take in
I can't slow down
Watching everything spin
I can't hold on
When i'm stretched so thin
I can't hold on
Starting over again...

If I turn my back I'm defenseless
And to go blindly seems senseless
If I hide my pride and let it all go on
Then they'll take from me 'till everything is gone
If I let them go I'll be outdone
But if I try to catch them I'll be outrun
If I'm killed by the questions like a cancer
Then I'll be buried in the silence of the answer
By myself

Myself!

I ask why
But in my mind i find
I can't rely on myself
Myself/f/f/f/f!!!!

I ask why
But in my mind i find
I can't rely on myself

I can't look around
It's too much to take in
I can't slow down
Watching everything spin
I can't hold on
When i'm stretched so thin
I can't hold on
Starting over again...

Don't you... (x15)
Don't you know
I can't tell you how to make it go
No matter what I do, how hard I try
I can't seem to convince myself why
I'm stuck on the outside (x8)
