Linkin Park - In The End

```
                              Em
I-      It starts with One thing I don't know why
        D
It doesn't even matter how hard you try
        C
Keep that in mind I designed this rhyme
        D
To explain in due time
        Em
All I know Time is a valuable thing
        D
Watch it fly by as the pendulum swings
        C
Watch it count down to the end of the day
        D
The clock ticks life away
          Em
It's so unreal Didn't look out below
        D
Watch the time go right out the window
        C
Trying to hold on but didn't even know
        D
Wasted it all just to
                Em
Watch you go I kept everything inside
                D
And even though I tried it all fell apart
                C
What it meant to me will eventually
            D
Be a memory of a time when

CHORUS
            Em              G               D
C
I tried so hard And got so far But in the end It doesn't even
matter
            Em              G               D
C
I had to fall To lose it all But in the end It doesn't even
matter

        Em
II-     One thing I don't know why
   D
It doesn't even matter how hard you try
C
Keep that in mind I designed this rhyme
     D
To remind myself how
            Em
I tried so hard In spite of the way you were mocking me
D
Acting like I was part of your property
  C
Remembering all the times you've fought with me
        D               Em
I'm surprised it got so (far)

Things aren't the way they were before
D
You wouldn't even recognize me anymore
C
Not that you knew me back then
       D
But it all comes back to me
        Em
(In the end)
You kept everything inside
    D
And even though I tried it all fell apart
C
What it meant to me will eventually
D
Be a memory of a time when

CHORUS
            Em              G               D
C
I tried so hard And got so far But in the end It doesn't even
matter
            Em              G               D
C
I had to fall To lose it all But in the end It doesn't even
matter

              Em    D           C              D
I put my trust in you Pushed as far as I can go
              Em              D                        C   D
And for all this There's only one thing you should know

              Em    D           C              D
I put my trust in you Pushed as far as I can go
              Em              D                        C   D
And for all this There's only one thing you should know

CHORUS
            Em              G               D
C
I tried so hard And got so far But in the end It doesn't even
matter
            Em              G               D
C
I had to fall To lose it all But in the end It doesn't even
matter
