

# Lionel Richie - I Love You

Tom: **C**

Intro: **Am** **G** **F**

**Am**

Here I finally come to stand

**G** **F**

My pen and paper in hand to write to you

**Am**

To tell you what I feel inside

**G** **F**

To say to you I can't survive without you

**Am**

For all the things I've come to see

**G** **F**

I now believe there's only you, only you for me

**Am**

I'm standing here so lost in you

**G** **F**

That's all my heart and soul can do is say what's true

I love you **Am** **G** **F**

I love you **Am** **G** **F**

I love you

( **Am** **G** **F** )

The first time I looked in your eyes

It was so clear to my surprise, my heart stood still

I've eheard it time and time again

That when you fall you can't pretend, true love is real

I know with you I do belong

You are my voice my simple song

You're all I need

The joy I feel when love is blind

You're everything I need to find

My search is through

Babe I love you

I love you

Babe I love you

I love you

Cause I know with you I do belong

You are my voice my simple song

You're all I need

And the joy I feel when love is blind

You're everything I need to find

My search is through

Babe I love you

I love you
