

Lionel Richie - One World

tom:

A

We only have one world, We only have one love
We have so little time together you and I
And all we have to do is try

A Gbm D

We've got so many road before us
There are mountains we must climb
But who will show us
There's a hundred million stories in the sand
But there's only one thing we must understand
If we can, Yes we can, Ah

A Dbm Gbm D Bm E

We only have one world, We only have one love
We have so little time together you and I
And all we have to do is try

A Gbm

We've got so much pain and confusion
Are we living for the truth or an illusion?

All this fighting cannot get us very far
If we don't stop and see just who we are
Can't go far, We can't go far, Woah

A Dbm Gbm D Bm E

We only have one world, We only have one love
We have so little time together you and I
And all we have to do is try

D E

We just need to walk together
We just need to talk together
We just need to come together
In our hearts

A Dbm Gbm D Bm E

We only have one world, We only have one love
We have so little time together you and I
And all we have to do is try

A Dbm Gbm D Bm E

We only have one world, We only have one love
We have so little time together you and I
And all we have to do is try
