

# Lisandro Amaral - Amansando de Garupa

tom:

Am  
Eu junto os segredos dormidos no pala  
Se a noite resvala, aroma e sabor  
Recolho da sogá meu pingó que sabe  
Porque em silêncio roubei uma flor  
A7

Dm  
Gelado de inverno, o orvalho de junho  
Cabresto no punho e ainda ressona  
O amor da cordeona, convite ao pecado  
Com a china do lado sentei a carona  
Am

Romance que encilho de noite, pampeiro  
Permissão gaiteiro me chama um carinho  
E levo na anca com cheiro de lua  
Am A7

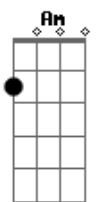

A pluma que a noite soprou pra o meu ninho

Dm  
Eu junto os segredos dormidos no pala  
Se a noite resvala, cordeona e luar  
E amanso de anca meu mouro que sabe  
Porque em silêncio roubei teu olhar  
E7

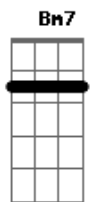

A Dbm  
Gelado de junho e a geada se estende  
E a lua me entende, clarão no caminho  
Me arranca os espinhos em um sopro materno  
E esquenta o inverno com a flor do meu ninho  
A Gb7 Bm

A Gb7 Bm  
Tranco largo, fim de noite  
E a madrugada derramando o serenal  
Tranco largo, o rancho é longe  
E hoje amanso de garupa o meu bagual  
E7 Am
