

Little Mix - Confetti

tom:

We wanna celebrate like we in the club every day
 Got all my friends here with me
 And I don't need ya, I don't need ya
 Got this dress up on me
 So I don't need your stress up on me
 Baby, we're done, c'est la vie
 Now I don't need ya, I don't need ya

Should've left your ass from time ago
 Didn't love me then, but now I do
 I used to sit at home and cry for you
 Diamonds on my neck, I shine for you
 Ain't blocking my blessings anymore
 Never be the girl I was before
 I'ma let the good things in my lif? rain down

From the sky, drop like confetti
 All ?yes on me, so V.I.P
 All of my dreams, from the sky, drop like confetti
 Drop it down
 You're missin' me, but I'm finally free
 I got what I need, so let it rain down like confetti

Flashing lights, I ain't got no worry on my mind
 Know that you're mad, I realised
 That I don't need ya, I don't need ya
 So, DJ, say my name like it's my birthday
 You're just a memory
 And, boy, I don't need ya, I don't need ya

Should've left your ass from time ago (time ago)
 Didn't love me then, but now I do (now I do)
 I'ma let the good things in my life rain down

From the sky, drop like confetti

All ?yes on me, so V.I.P
 All of my dreams, from the sky, drop like confetti
 Drop it down
 You're missin' me, but I'm finally free
 I got what I need, so let it rain down like confetti
 (Oh, la-la-la)
 Let it rain down
 (Oh, la-la-la)
 Let it rain down
 (Oh, la-la-la)
 Let it rain down
 (Oh, la-la-la)
 'Cause (I, I, I) i'm gon' live my life
 Can't kill my vibe
 I'm doin' so much better

I, (I'm so good tonight) i'm so good tonight
 (Good things in my life)
 So I'ma let the good things in my life rain down

From the sky, drop like confetti
 All ?yes on me, so V.I.P
 All of my dreams, from the sky, drop like confetti
 Drop it down
 You're missin' me, but I'm finally free
 I got what I need, so let it rain down like confetti
 (Oh, la-la-la)
 Let it rain down
 (Oh, la-la-la)
 Let it rain down
 (Oh, la-la-la)
 Let it rain down
 (Oh, la-la-la)
 Let it rain
