

# Little Mix - Only You

Intro: Em C D Em

Tom:

Dancing with your silhouette in the places that we met  
 Ooh, tryna find you in the moon  
 Paris never feels the same, when the streets all call your name  
 Ooh, so I hide in crowded rooms

[Pre-Chorus: Leigh-Anne]

And I'll follow right down the river  
 Where the ocean meets the sky  
 To you, to you

Once upon a time we had it all  
 Somewhere down the line we went and lost it  
 One brick at a time we watched it fall  
 I?m broken here tonight and darling, no one else can fix me  
 Only you, only you  
 And no one else can fix me, only you  
 Only you, only you  
 And no one else can fix me, only you, oh  
 Only you

( Am D Em )

Did I let go of your hand for a castle made of sand

Ooh, that fell into the blue  
 I went following the sun to be alone with everyone  
 Ooh, looking 'round a crowded room

And I'll follow right down the river  
 Where the ocean meets the sky  
 To you, to you

Once upon a time we had it all (we had it all) (Mmm)  
 Somewhere down the line we went and lost it

(We went and lost it)

One brick at a time we watched it fall (fall)  
 I?m broken here tonight and darling no one else can fix me  
 Only you, only you (yeah)  
 And no one else can fix me, only you (no one like you)  
 Only you, (nobody else), only you (oh)  
 And no one else can fix me, only you, (oh)

Only you  
 (Falling, falling, falling, yeah)  
 Only you, (only you), only you, (only you)  
 And no one else can fix me, only you (only you)  
 Only you, (only you), only you, (only you)  
 And no one else can fix me, only you

## Acordes
