

Little Mix - Woman Like Me

Tom: Ab

(forma dos acordes no tom de G)
Capostrate na 1ª casa

[Primeira Parte]

I always say what I'm feeling
I was born without a zip on my mouth
Sometimes I don't even mean it
It takes a little while to figure me out
I like my coffee with two sugars in it
High heels and my jewellery dripping
Drink and I get all fired up (Hey, hey, hey)
Insecure but I'm working with it
Many things that I could get rid of
Ain't about to give it up

[Pre-Refrão]

I made a few mistakes, I regret it nightly
I broke a couple hearts that I wear on my sleeve
My momma always said, girl, you're trouble and
And now I wonder, could you fall for a woman like me
And every time we touch, boy, you make me feel weak
I can tell you're shy and I think you're so sweet
Spending every night under covers and
Still I wonder, could you fall for a woman like me

(A woman)

[Refrão]

Woman like me, like a woman like me
La-la-la, woman like me, like a woman like me (a woman)
La-la-la, woman like me, like a woman like me
La-la-la, woman like me, like a woman like me

[Segunda Parte]

And baby, just be mine for the weekend
We can get a takeaway and sit on the couch
Or we could just go out for the evening
Hopefully end up with you kissing my mouth, ayy, ayy
You got them blue jeans with a rip up in them
My hair with your fingers in it
Love it when you turn me on
'Yonc with a little bit of
Love Drunk in the middle with it

Get down to our favorite song
