

Little Nation - Unknown

Tom: F

Dm
Unknown
All it seems to be

C
Winding roads and me
Never-ending fears

Dm
They go
Running through my veins

C
Driving me insane
All over again

Bb7 **Gm** **Dm**
You call me back to your side
C **Bb7**
Where I'll rest my head at night

Gm **Dm**
We could stare at the stars
C **Dm**
For the rest of our lives

Dm
I'm here

Although you can't see

C
Where the road will lead
Maybe it's just a dream

Dm
Night falls
All the lights are out

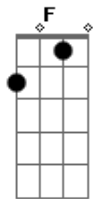

C
Moon hid in the clouds
Over a ghost town

Bb7 **Gm** **Dm**
It's not the same by your side
C **Bb7**
Where you rest your head at night
Gm **Dm**
Could we stare at the stars
C **Bb7** **Gm** **Dm**
For the rest of our lives

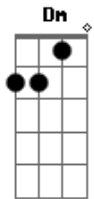

C **Bb7**
Maybe this could be the end of a heart's drought
C **Bb7**
Hear me, give me voice when I can't make a sound

Dm
Unknown
All it seems to be
