

# Little Nation - Unknown

Tom: F

**Dm**  
Unknown  
All it seems to be

**C**  
Winding roads and me  
Never-ending fears

**Dm**  
They go  
Running through my veins

**C**  
Driving me insane  
All over again

**Bb7** **Gm** **Dm**  
You call me back to your side  
**C** **Bb7**  
Where I'll rest my head at night

**Gm** **Dm**  
We could stare at the stars  
**C** **Dm**  
For the rest of our lives

**Dm**  
I'm here

Although you can't see

**C**  
Where the road will lead  
Maybe it's just a dream

**Dm**  
Night falls  
All the lights are out

**C**  
Moon hid in the clouds  
Over a ghost town

**Bb7** **Gm** **Dm**  
It's not the same by your side  
**C** **Bb7**  
Where you rest your head at night  
**Gm** **Dm**  
Could we stare at the stars  
**C** **Bb7** **Gm** **Dm**  
For the rest of our lives

**C** **Bb7**  
Maybe this could be the end of a heart's drought  
**C** **Bb7**  
Hear me, give me voice when I can't make a sound

**Dm**  
Unknown  
All it seems to be

## Acordes
