

Lizzy McAlpine - Firearm

tom:
Capostrate na 2ª casa
Intro: C

[Primeira Parte]

I get high out the window
And I don't tell my mom
I mix you with my vodka
And it turns me on

[Refrão]

There's a hole in my heart and I can't find the bullet
But you sleep with the firearm
I should've pulled it on you

What a shame, I can see it all
Now that we're through

[Segunda Parte]

I get drunk with my friends
Your name never comes up
I tell strangers online
That we broke up

[Refrão]

There's a hole in my heart and I hate that it's there
'Cause I liked to act like I really don't care

But I do
What a shame that I put up with you
[Ponte]

What a joke, was it all just an act?
I hate that it took me so long to react
You had me convinced that you loved me
What a fucked up reality show

Was it fame or the lack thereof?

I just don't know
You had me convinced that you loved me

(C D F7M Fm)

[Terceira Parte]

I'm not sure you realize
The pain that you caused
I don't feel like talking
But everyone else does

[Refrão]

There's a hole in my heart and I can't find the bullet
But you sleep with the firearm
I should've pulled it on you
Now I don't have the energy to
