

Lizzy McAlpine - Firearm

tom:
 Capotraste na 2ª casa
 Intro: C

[Primeira Parte]

I get high out the window
 And I don't tell my mom
 I mix you with my vodka
 And it turns me on

 But you sleep with the firearm
 I should've pulled it on you
 What a shame, I can see it all

[Segunda Parte]

I get drunk with my friends
 Your name never comes up
 I tell strangers online
 That we broke up

[Refrão]

There's a hole in my heart and I hate that it's there

But I do
 What a shame that I put up with you
 [Ponte]

What a joke, was it all just an act?
 I hate that it took me so long to react
 You had me convinced that you loved me
 What a fucked up reality show
 Was it fame or the lack thereof?
 I just don't know
 You had me convinced that you loved me
 (C D F7M Fm)

[Terceira Parte]

I'm not sure you realize
 The pain that you caused
 I don't feel like talking
 But everyone else does

[Refrão]

There's a hole in my heart and I can't find the bullet
 But you sleep with the firearm
 I should've pulled it on you
 Now I don't have the energy to
