Wake up  
I've been trying to make your pain stop  
This is not just entertainment  
I've been trying to let you know

Lately  
Nothing has been coming easy  
Only nocturnal blue movies  
Pink kimono on the floor

Am Em  
Even when you won't believe me  
Try to make it easy, easy

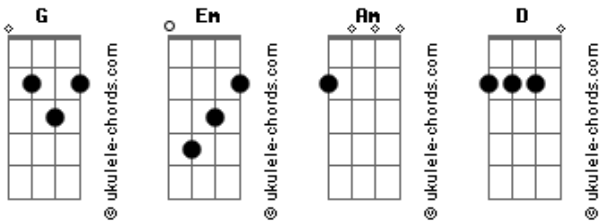

[Refrão]

Am Em  
Even when we're fire  
Even then you never loved  
You never loved  
Am Em  
Even when we're fire  
Even then you never loved  
You never loved

[Segunda Parte]

G Em  
Distress  
From the past or from my weakness  
I can take you through the darkness  
I can help you let it go
