tom:

[Refrão]

We're broken people now  
 We're burning out  
 So cold and bleeding now now now  
 Gonna let you down

[Primeira Parte]

Tell me that I won't ever be nothin'  
 Ain't that somethin'?  
 I've risen from the bottom  
 I got 'em eyes on the prize and inside 'em  
 Damn right I overcame, y'all know the name  
 We similar but never been the same  
 Everybody, yeah they know the name  
 Right now, we'll make it some how  
 We'll make it some way  
 Yeah you know we gon' get it today like  
 I'm all on my own now  
 I won't ever let you down  
 Won't let you down down down

[Ponte]

Yes I've been through it  
 They know I do it for the people  
 I'm fighting so we be equal  
 For my son and my sequel  
 And anybody who listenin'  
 In they system like venom  
 I get in 'em and spread visciously  
 This is me

[Refrão]

We're broken people now  
 We're burning out  
 So cold and bleeding now now now  
 Gonna let you down

[Segunda Parte]

We back at it  
 Young Logic, the rap addict  
 Giving it every part of myself  
 On the real you would think  
 That I'd be asthmatic  
 Allergic to your bullshit  
 Yeah that's right I done had it  
 Real all the time, if you rep it  
 Get it tatted right now  
 This right here a vibe right now  
 I am too alive right now  
 I'm alive right now  
 Come on feel the vibe right now  
 Feel the vibe  
 Feel the vibe  
 Feel the, feel the, feel  
 Feel the, feel the vibe

[Ponte]

Yes I've been through it  
 They know I do it for the people  
 I'm fighting so we be equal  
 For my son and my sequel  
 And anybody who listenin'  
 In they system like venom  
 I get in 'em and spread visciously  
 This is me
