

London Grammar - Rooting For You

Tom: D

Let winter break
 Let it burn 'til I see you again
 I will be here with you
 Just like I told you I would
 I'd love to always love you
 But I'm scared of loneliness
 When I'm, when I'm alone with you

[Chorus]

I know it's hard
 Only you and I
 Is it all for me?
 Because I know it's all for you
 And I guess, I guess
 It is only you, are the only thing I've ever truly known
 So I hesitate, if I can act the same
 For you
 And my darlin', I'll be rooting for you

And my darlin', I'll be rooting for you
 And where did she go?
 Truth left us long ago
 And I need her tonight because I'm scared of loneliness with you baby
 And I should let it go
 But all that is left is my perspective, broken and so left behind again

[Chorus]

I know it's hard
 Only you and I
 Is it all for me?
 Because I know it's all for you
 And I guess, I guess
 It is only you, are the only thing I've ever truly known
 So I hesitate, if I can act the same
 For you
 And my darlin', I'll be rooting for you
 And my darlin', I'll be rooting for you
