Tom: D
Intro: D

D
We're never done with killing time
A
Can I kill it with you?
G
'Til our veins run red and blue
D
We come around here all the time
A G
Got a lot to not do, let me kill it with you

D
You pick me up and take me home again
Head out the window again
A G
We're hollow like the bottles that we drain
D
You drape your wrists over the steering wheel
A
Pulses can drive from here
G
We might be hollow, but we're brave

D
And I like you
I love these roads where the houses don't change (and I like you)

Where we can talk like there's something to say (and I like you)
A
I'm glad that we stopped kissing the tar on the highway

G
We move in empty streets
D
I'd like it if you stayed

Now we're wearing long sleeves

A
And the heating comes on
(You buy me orange juice)

D
We're getting good at this
Dreams of clean teeth

A
I can tell that you're tired

But you keep the car on
G
While you're waiting out front
