We're never done with killing time
 Can I kill it with you?
 'Til our veins run red and blue
 We come around here all the time
 Got a lot to not do, let me kill it with you

You pick me up and take me home again
 Head out the window again
 We're hollow like the bottles that we drain
 You drape your wrists over the steering wheel
 Pulses can drive from here
 We might be hollow, but we're brave

And I like you
 I love these roads where the houses
 Don't change (and I like you)
 Where we can talk like there's
 Something to say (and I like you)
 I'm glad that we stopped kissing
 The tar on the highway
 We move in empty streets
 I'd like it if you stayed

Now we're wearing long sleeves
 And the heating comes on
 (You buy me orange juice)
 We're getting good at this
 Dreams of clean teeth
 I can tell that you're tired
 But you keep the car on

While you're waiting out front
 You pick me up and take me home again
 Head out the window again
 We're hollow like the bottles that we drain
 You drape your wrists over the steering wheel
 Pulses can drive from here
 We might be hollow, but we're brave
 And I like you
 I love these roads where the houses don't change (and I like you)
 Where we can talk like there's something to say (and I like you)
 I'm glad that we stopped kissing the tar on the highway
 We move in empty streets
 I'd like it if you stayed (single strum continuing to next line)
 We're never done with killing time
 Can I kill it with you?
 'Til our veins run red and blue
 We come around here all the time
 Got a lot to not do, let me kill it with you
 And I like you
