

Lorde - Bravado

Tom: D

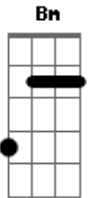

All my life,
 I've been fighting a war
 I can't talk to you or your friends
 It's not only you,
 My heart jumps around when I'm eluded to
 This will not do
 Cause I was raised up to be admired,
 to be noticed
 But when you're withdrawn,
 it's the closest thing
 To a someone who lies around you
 This will not do
 (Bm Bm G A)
 (Bm Bm G A)
 (Bm Bm G A)
 (Bm Bm G A)
 I'm thinking glory,
 Lick my lips toss my hair
 And send a smile over

And the story brand new
 I can take it from here,
 I'll find my own bravado
 Chorus 2X:
 It's a switch flipped
 It's a pill tipped back
 It's a moon eclipsed, oh
 And I can tell that, when the lights come on I'll be ready for
 this
 It's in your bloodstream
 A collision of atoms that happens before your eyes
 It's a marathon run or a (inaudible) without making a sound
 I was frightened of every little thing
 that I thought was out to get me down
 To trip me up, and laugh at me,
 But I learned not to hold the quiet of the room
 And the one around to find me out
 I want the applause, the approval, the things that make me go,
 oh
