

Lorde - Fallen Fruit

tom:

Gbm

[Primeira Parte]

To the ones who came before us
 All the golden ones
 Who were lifted on a wing
 We had no idea the dreams
 We had were far too big
 Far too big

[Pré-Refrão]

And we will walk together
 Psychedelic garlands in our hair
 Through the halls of splendor
 Where the apple trees all grew
 You'll leave us dancing on the fallen fruit

[Refrão]

The fallen fruit
 The fallen fruit
 The fallen fruit

[Ponte]

From the Nissan, to the Phantom, to the plane
 We'll disappear in the cover of the rain
 Took the great minds and the vapors
 And a pocketful of seed
 It's time for us to leave

[Pré-Refrão]

And we will walk together
 Psychedelic garlands in our hair
 But how can I love what I know I am going to lose?
 Don't make me choose

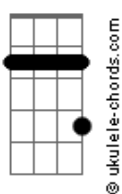

[Refrão]

The fallen fruit
 The fallen fruit
 The fallen fruit
