

Lorde - Liability

Tom: C

I'm a liability
 I'm a liability, much for me
 You're a little much for me, no-no-no, no
 Whatcha gonna do, whoa-oh-oh
 All of the dreams that get harder
 All of the things that I offer you, eh
 And all of the shit that we harbour
 Make all of the kids in the choirs sing woo-hoo, hoo-hoo

Maybe all this is the party
 Maybe the tears and the highs we breathe, oh no
 Maybe all this is the party
 Maybe we just do it violently
 But you're not what you thought you were
 But you're not what you thought you were
 But you're not what you thought you were
 But you're not what you thought you were
 Leave
