

# Lorde - Perfect Places

tom:  
 E (forma dos acordes no tom de C )  
 Capotraste na 4ª casa

Every night, I live and die  
 Feel the party to my bones  
 Watch the wasters blow the speakers  
 Spill my guts beneath the outdoor light  
 It's just another graceless night  
 I hate the headlines and the weather  
 I'm 19 and I'm on fire  
 But when we're dancing I'm alright  
 It's just another graceless night  
 [Pré-Refrão]

Are you lost enough?  
 Have another drink, get lost in us  
 This is how we get notorious, oh

## Acordes

'Cause I don't know  
 If they keep tellin' me where to go  
 I'll blow my brains out to the radio, oh  
 [Refrão]  
 All of the things we're taking  
 'Cause we are young and we're ashamed  
 Send us to perfect places  
 All of our heroes fading  
 Now I can't stand to be alone  
 Let's go to perfect places  
 [Final]  
 All the nights spent off our faces  
 Trying to find these perfect places  
 What the fuck are perfect places anyway?
