

Lorde - White Teeth Teens

Tom: A

We wouldn't be seen dead here in the day
 I guess you're lucky that it's dark now
 And if I like it then we'll stay
 Impress the empress, take a shot now

We got the glow in our mouths
 White teeth teens are out (out)
 White teeth teens are up for it

I know you love it when the hairpins start to drop
 I like your reckoning, but we got our methods
 And there's nothing here to stop, to stop this

If you want, we'll help tonight to split its seams
 Give the bruises out like gifts aaahhh
 You'll get the picture of your dreams
 I won't be smiling but the notes from my admirers
 Fill the dashboard just the same ah ah ah

We got the glow in our mouths
 White teeth teens are out (out)
 White teeth teens are up for it

I know you love it when the hairpins start to drop
 I like your reckoning, but we got our methods

And there's nothing here to stop, to stop us when we're up for it
 I know you love it when the hairpins start to drop
 I like your reckoning, but we got our methods
 And there's nothing here to stop, to stop this

(And everything works out so good
 I wear the robe like no one could)
 I'll let you in on something big
 I'm not a white teeth teen
 I tried to join but never did
 The way they are, the way they seem
 Is something else, it's in the blood
 Their molars blinking like the lights
 In the underpass where we all sit
 And do nothing and love it
 (Everything works out so good
 I wear the robe like no one could
 Everything works out so good
 I wear the robe like no one could)

We got the glow in our mouths
 White teeth teens are out (out)
 White teeth teens are out
