

Los Shakers - Brake It All

tom: C

We want you to come
 We want you to hear
 We want you to dance
 Dance all night long

But when the music starts
 Don't stay there like a fool
 And break it all
 You listen me, break it all

Before getting tired
 Before getting sad
 Come and shake with us
 Break plans tonight

But when the music starts
 Don't stay there like a fool
 And break it all
 You listen me, break it all

If you're alone and nobody shakes with you
 Oh, please don't mind and shake - oh yeah!
 Now we know you're fine
 Do the shake, do the shake - oh yeah!
 And break it all
 You listen me, break it all

We want you to come
 We want you to hear
 We want you to dance
 Dance all night long

But when the music starts
 Don't stay there like a fool
 And break it all
 You listen me, break it all

If you're alone and nobody shakes with you
 Oh, please don't mind and shake - oh yeah!
 Now we know you're fine
 Do the shake, do the shake oh yeah!
 And break it all
 You listen me, break it all (ohhhhhh!!!)

We want you to come
 We want you to hear
 We want you to dance
 Dance all night long

But when the music starts
 Don't stay there like a fool
 And break it all
 You listen me, break it all
 And break it all
 You listen me, break it all
 And break it all
 You listen me, break it all
