Tom: G

G
I can give you what you want
Em
Even when it hurts
G
I could sing another song
Em
I could find the words
C
And it's true that I could be somebody
G
But right now, I don't know who
G
So when all the world's a stage
Em
And the curtain's drawn
G
You gotta bear everything
Em
Come a little undone
C
'Cause it's true if you wanna be somebody
G
You better have nothing to lose
D
How did I get to be so complicated?
C
Sometimes it gets me down
Cm
Sometimes I'm spinning 'round
Am
But I won't disappear

D
You'll see me standing here
Em G Cm
Just holding down the dream
G
So when all the lights go down
Em
And the music's done
G
I am here and left without
Em
Everybody's gone
C Cm
And it's true that I could be somebody
G
But right now I don't know who
D
How did I get to be
G
so hard and jaded?
C
Sometimes it gets me down
Cm
Sometimes I'm spinnin' 'round
Am
But I won't disappear
D
You'll see me standing here
Em G
Just holdin' down the dream
Cm G
Holdin' down the dream
