

Louis Armstrong - We Have All The Time In The World

Tom: D

Intro: A Gbm A Gbm

Gbm A Gbm Dbm7 Em

We have all the time in the world

Time enough for life to unfould

all the precious things love has in store

We have all the love in the world

If that's all we have you will find we need nothing

more

Every step of the way will find us

With the cares of the world far behind us

We have all the time in the world

Just for love nothing more nothing less only love

Every step of the way will find us

With the cares of the world far behind us

We have all the time in the world

Just for love nothing more nothing less only love

Acordes

Diagram illustrating the chords used in the song, arranged in two rows:

- Row 1: D, A, Gbm, Dbm7, Em, Bb, E7, C, Bb
- Row 2: F, F7, Ab, Db, Bb7

Each diagram shows the fretboard with dots indicating finger positions and a diamond symbol indicating the capo position (4th fret).
