

Louis Tomlinson - Change

Intro: B B7 E Em

Oh, oh, oh-oh

The time of our lives, it's easy to see
 We were just getting by, we were complete
 It hasn't been long, that I've been away
 I don't know why, everything's changed

'Cause inside we're still the kids of the
 Friday night

Silver streets and the neon signs
 Everything's changed outside

Sometimes I wonder why
 If you need you can call on me
 I'll be the friend you need
 Everything's changed outside
 But I feel the same inside

The kids are alright
 That used to be me
 Always losing our minds
 Out on the street
 A trip down memory lane
 Houses all look the same
 There's different names on the gates
 You know the people have changed
 Oh it's such a shame, nothing stays the same

'Cause inside we're still the kids of the Friday nights
 Silver streets and the neon signs
 Everything's changed outside
