

# Louis Tomlinson - Lucky Again

tom:

Intro: C Em G

[Primeira Parte]

You give and give until it's gone away  
 Just tell yourself, "You got another day"  
 You've lived that life, you just don't see it yet  
 I see how hard you've worked to be yourself

[Pré-Refrão]

If you believe that guy is Superman  
 They're selling tickets at the cinema  
 Whatever gets you through the darkest night  
 Just find the light out in the madness, hold tight

[Refrão]

'Cause I'm a hard man to lose  
 But I figured it out  
 Then made my way back  
 To a life I would choose  
 We were lucky onc?  
 I could be lucky again

[Segunda Parte]

Before th? world had got too serious  
 Before the time it got away from us  
 I meet you at the favorite subway stop  
 We grab some food, then meet the lads for one

[Pré-Refrão]

If you believe that guy is Superman  
 They're selling tickets at the cinema  
 Whatever gets you through the darkest night

## Acordes

Just find the light out in the madness, hold tight

[Refrão]

'Cause I'm a hard man to lose  
 But I figured it out  
 Then made my way back  
 To a life I would choose  
 We were lucky onc?  
 Could be lucky again  
 I'm a hard man to find  
 But you figured it out  
 And I love you for that  
 Look back on a time  
 I was lucky once  
 I could be lucky again
