

# LP - Long Way To Go To Die

Tom: G  
Intro: C F C F

<sup>C</sup>  
Whistle gone, we're moving on  
<sup>F</sup>  
And our only rival are tears  
<sup>C</sup>  
Send my things, take back my ring  
<sup>F</sup>  
Now we've finally realized our fears  
  
<sup>C</sup> <sup>F</sup>  
It's just a long, long, long way to go to die  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
  
<sup>C</sup>  
Five years by, a stitch in time  
<sup>F</sup>  
Patching up a life by the seams  
<sup>C</sup>  
It won't break me, it won't break me  
<sup>F</sup>  
I just fake it all and believe  
  
<sup>C</sup> <sup>F</sup>  
It's just a long, long, long way to go to die  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
<sup>C</sup>  
And I keep rolling on  
<sup>F</sup>  
Missing you from dusk to dawn  
  
<sup>G</sup> <sup>F</sup> <sup>C</sup>  
Yeah, aw yeah, oh, hey now  
<sup>G</sup>  
Oh happiness don't rescue me

<sup>F</sup>  
I barely know you  
<sup>C</sup>  
Can't you see I'm tryna block you out?  
<sup>G</sup>  
Hallelujah, glad I knew ya  
<sup>F</sup> <sup>C</sup>  
Take me now, take me into town  
  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
(happiness)  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
(and I keep rolling on)  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
(missing you from dusk to dawn)  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
(hey, hey, hey)  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
(happiness)  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
<sup>C</sup> <sup>F</sup>  
It's a long, long, long way to go to die  
(hallelujah, I'm glad I knew ya)  
(take me now, take me now)  
<sup>C</sup> <sup>F</sup>  
(its a long way to go, way to go, way to go to die)

## Acordes
