(forma dos acordes no tom de G)
Capostrate na 3ª casa

I promise that i'll never hurt you babe cuz' maybe i could
make you crazy

We now know the world will be fun together

We now know the love will be real forever

I know the world will be fun if you are with me

Now i feel The world could be mine with you by my side

Don't worry babe 'bout the future

The sun will be our guide in our whole life

We will do everything we need and everything we dreamed

Just keep faith and stay with me

We now know the world will be fun together

We know the love will be real forever

I know the world will be fun if you are with me

Now i feel The world could be mine with you by my side

I loved hear your voice, i loved'to see your smile

I love to kiss your mouth and grab you in my arms

We now know the world will be fun together

We know the love will be real forever
