

Lucy Dacus - Addictions

tom:
 B (forma dos acordes no tom de Bb)
 Capostraste na 1ª casa

[Primeira Parte]

Freeze frame, tidal wave in the passenger side
 I'm still a nervous kid after all this time
 Can you imagine what it's like to be here with you now?
 Forget your current lover, remember me that one July?
 Laying bareback on dirt roads, watching the planes at night
 Who knew one day it'd be so hard to have you by my side

[Refrain]

Now I'm awake at 2AM
 Without a cause to draw you in

(D A E)
 (A E)

[Segunda Parte]

Buy low, sell high kind of guy
 Invest your time in what's worthwhile
 Was I a risk without reward or did I make you proud?

[Refrain]

Now I'm awake at 2AM
 Without a cause to draw you in

[Refrão]

I'm just calling 'cause I'm used to it
 You'll pick up 'cause you're not a quitter

You've got addictions too, it's true
 You've got addictions too

[Terceira Parte]

You've been around the world and back
 Always return to the ones you love
 You've got a sense of adventure
 And a penchant for comfort that keeps you at home

[Refrão]

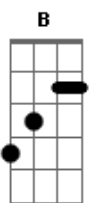

I'm just calling 'cause I'm used to it
 You'll pick up 'cause you're not a quitter
 You've got addictions too, it's true

You've got addictions too
 (Bm Dm)

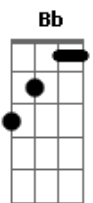

[Final]

Releasing
 Years of senseless waiting
 You've got addictions too, it's true
 You've got addictions too
 You've got addictions too, it's true
 You've got addictions too
 You've got addictions too, it's true
 You've got addictions too
 You've got addictions too, it's true
 You've got addictions too
