

Lucy Dacus - Triple Dog Dare

tom:
C

[Primeira Parte]

I'm not tired yet
C G
We still got a lot to figure out
C G F G
Like what was the end of the movie about, anyways?
C G Am C G
You're yawning on your couch
C G F Em
I wonder if I overstayed my welcome
C Am C G
Until you asked me if I'd like to take a walk
C G
We're going to the five and dime
C G F Em
The only open place at this time of night
C Am F
You're dancing in the aisle 'cause the radio
Am F
Is singing you a song you know
Am C G
And the kid at the counter is gawking at your grace
C Am G
I can tell what he's thinking by the look on his face
Am C G
It's not his fault, I'm sure I look th? same
C Am G
It's what you do, but it's not you I blame
(C G C G)

[Segunda Parte]

Your mama read my palm
C G
Sh? wouldn't tell me what it was she saw
C G F Em
But after that, you weren't allowed to spend the night
C G
I'm staring at my hands
C G F Em
Red, ruddy skin, I don't understand
Am F
How did they betray me? What did I do?
Am F
I never touched you how I wanted to
Am C G
What can I say to your mom to let you come outside?
C Am G
You know I'll be seeking if you run and hide
Am C G
If the door were to open, would you walk through the frame?
C Am G
If you're too afraid, it won't be you I blame
(C G C G)
(C Em F G)

[Terceira Parte]

You passed a note in class
C G F Em
Told me to meet you at the overpass
Am C G
Your lip was trembling when you said that we are cursed
C G

Acordes

You're trying not to cry
C G F Em
When you tell me you're afraid that we may die
Am C G
I said "So what? Everybody's scared of that"
Am F
I want you to tell me that you miss me
Am F
Want you to hold and hurt and kiss me
Am C G G
I wanna run away and live on your family's boat
C Am G
It's a triple dog dare, you're a chicken if you don't
Am C G
I can fish for our food and you know how to start a flame
C Am G
If you don't get out now, you'll only have yourself to blame

(C G C G)
(C Em F G)

Can't fight the feeling of relief
