

Lucy Rose - Night Bus

Tom: E

(com acordes na forma de Capotraste na 4ª casa C)

And you see trouble in her eyes
 And you've noticed, but only realized
 It's not fading, however hard you try
 Cause it's built in her for all her life
 I'm not alone
 She said, "I'm not alone."
 And she takes the night bus home
 She's not phased by the darkness in her soul
 And you barely catch a glimpse of her
 Cause she's wrapped tightly, hiding in her clothes
 I'm not alone

She said "I'm not alone."
 She said "I'm not alone."
 And they're strangers, and they're walking my way
 And I'm talking to myself
 Strangers, and they're walking my way
 And I'm talking to myself
 Strangers, and they're walking my way
 And I'm talking to myself
 Strangers, and they're walking my way
 She said "I'm not alone."
 She said "I'm not alone."
 She said "I'm not alone."
 She said "I'm not alone."
