

Ludov - Ciência

Tom: C
Intro: (A Bm)2x

2X

Luto para ir
aonde ninguém foi
onde eu possa rir
do que passou, e te perdoe

Quero aprender
Alguma oração
E saber de cor
os rumos do meu coração

Vou me valer
da ciência do mundo
Quanto vale um segundo
Quando os metros são muitos a percorrer?

(A Bm)

Tanto aprendi
de nada adiantou
Ver o que eu vi
se não me abro nem me dão

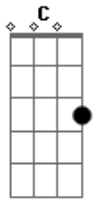

Mas não posso dizer
tampouco admitir
que será mais fácil
esquecer e ir sorrir

Vou me valer
da ciência do mundo
Quanto vale um segundo
Quando os metros são muitos a percorrer?
