There is no fight now We already won the battle

Always try my love Who loves does not get tired

You can call me whatever you want, I'll go

Ho my baby ho my God

Ho my sister ho my Mather

Come now come now

Nana nana nananana ná

Nana nana nananana ná

There is no fight now We already won the battle

Always try my love who loves does not get tired

If you knew how I feel from the beginning of my life

Ho my Friend Ho my Nun

Ho my neighbor Ho my lawyer

Come now come now

Nana nana nananana ná

Nana nana nananana ná
