

Luis Reis - First Heartbreak

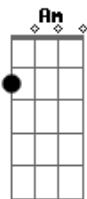

tom:
 C
 But love just got me blinded
 Somehow you put it all to waste
 But I never gave up on trying
 You broke all of our promises
 Wouldn't tell me if you're honest
 Caught me completely off guard
 Tearing me down into pieces
 I never thought you'd do me any harm
 But now you are leaving
 You broke all of our promises
 Wouldn't tell me if you're honest
 F Still I got no regrets
 You were the first who caused my heart to
 Break
 And I take nothing back
 We had good times but in time it all just
 Goes away
 Oh darling, oh darling
 You were my first heartbreak
 You were the first
 C Don't worry, time is going to make it right
 Although I am still falling
 It came without a warning
 You broke all of our promises
 Wouldn't tell me if you're honest
 F Still I got no regrets
