

Luiz Fernando Mancilha - Alma Ferida

Tom: G

Intro: G C Cm G Dbm
Cm D Am D D7

Nos caminhos e descaminhos desta vida

Eu já passei e fui além

Nos encantos e desencantos da paixão

Também passei, me lembro bem

Hoje guardo em meu peito, junto à minh'alma uma ferida

Como desalento de uma vida já vivida

Tão perto vejo a luz num túnel tão distante

Será uma luz ou será o brilho do seu olhar tão fascinante

Só sei que ando sem saber por onde andei

E sei que canso e sem descanso eu levarei

Junto ao meu peito esta alma tão perdida

Que não morreu mas que sofreu e está ferida

(C Eb G Dbm)
(Cm D Am D D7)

Só sei que ando sem saber por onde andei

E sei que canso e sem descanso eu levarei

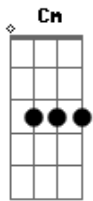

Junto ao meu peito esta alma tão perdida

Que não morreu mas que sofreu e está ferida

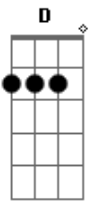

Que não morreu mas que sofreu e está ferida

Final: C Cm G
