

# Luiz Gonzaga - A Rede Veia

Tom: G

(intro) G D7 Em C Bm Em D A D

Eu tava com a Filomena, ela quiz se refrescar

O calor tava malvado, ninguem podia aguentar

Ela disse: meu ludrugo nos vamos se balanca

A rede velha comeu foi fogo so com nos dois pra la e pra ca

Ludugero e Otrofe, eh saudade

Comecou a fazer vento com nos dois a palestrar

Filomena ficou beba de tanto se balancar

Eu vi o punho da rede começar a se quebrar

A rede velha comeu foi fogo so com nos dois pra la e pra ca

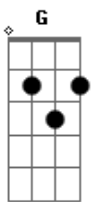

A rede tava rasgada eu tive a impressao

Que com tanta balancada a gente terminava no chao

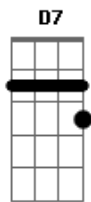

Mas filomena me disse meu veio venha mais pra ca

Ludugero e Otrofe deixaram um buraco tao grande no Brasil que ate hoje nao apareceu quem fechasse
