

Luiz Gonzaga - Começaria Tudo Outra Vez

Tom: A

(Gonzaga Jr.)

Int.: Bm E7 A

A
Começaria tudo outra vez, se preciso fosse meu amor
A chama no meu peito ainda queima, saiba, nada foi em vão
A cuba-libre da coragem em minha mão
A dama de lilás me mechucando o coração
A febre de sentir seu corpo inteiro coladinho ao meu
E então eu cantaria a noite inteira

Como eu já cantei e cantarei

As coisas todas que já tive, tenho e sei que um dia terei
A fé no que virá e a alegria de poder olhar pra trás
E ver que voltaria com você
De novo a viver nesse imenso salão
Ao som desse bolero, a vida, vamos nós
E não estamos sós, veja meu bem
A orquestra nos espera, por favor
Mais uma vez, recomeçar
