

# Luiza Possi - Da Fonte Que Deus Dá

Tom: G

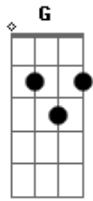

Eu vi a terra tremer  
 O fogo solto no ar  
 A onda enorme rugir  
 Eu vi o peixe afogar  
 Viu até quem não quer ver  
 A dor em todo lugar  
 A casa grande cair  
 A engrenagem parar  
 Olha, amor, ao redor de nós  
 Não estamos sós  
 Am.

Dançam, lançam luz, agora  
 Veja, amor, como é tão real  
 Gente afinal se querendo bem  
 E eu quero  
 Eu vou é cuidar melhor  
 Cuidar de ti e de mim  
 Beber tin-tin por tin-tin  
 Da fonte que deus dá  
 Dançar, descer, abraçar  
 Doar sem dó, receber  
 Somar, sumir com você  
 Sonhar ser eu e acordar
