

## **Luke Combs - I Got Away Whit You**

```
Tom: Db
 (com acordes na forma de G )
Capostraste na 6ª casa
Well I got caught in Panama City
Tryin' to buy some beer for some Georgia girls
And I got wore out by my daddy
For stealin' cigarettes from the Smokes and More
And all my friends would get away
Seems I'd get caught, plain as day

Em

D
I took the blame for every little thing
But I got away with you
And somehow I still ain't been found out
It's a crazy truth
Like I strolled out the gates of Alcatraz
And I walked in the Louvre
Now the Mona Lisa's hanging in my house
I bust out of Buckingham with the crown jewels
And I got away with you
( G D )
Well lookin' like you do
            D
On its damn own, should be a crime
Let alone a fool like me
Hand in hand with you, should be doin' time
But here we are runnin' free
```

```
Guess someone turned the other cheek
'Cause there ain't no blue lights in the rear-view
Yes, I got away with you
And somehow I still ain't been found out
It's a crazy truth
Like I strolled out the gates of Alcatraz
And I walked in the Louvre
Now the Mona Lisa's hanging in my house

Em

D
I bust out of Buckingham with the crown jewels
And I got away with you
I'll take it all, the fails, the falls
The county jails and one phone calls
I'd do it all again if I had to
'Cause I got away with you
Somehow girl, I still ain't been found out
It's a crazy truth
                      D
Like I strolled out the gates of Alcatraz
And I walked in the Louvre
Now the Mona Lisa's hanging in my house
     Em D
I bust out of Buckingham with the crown jewels
And I got away with you
    When I got away with you
   Yeah, I got away with you
```

## **Acordes**
