bb- 1 1/2 tone bend
H - hold bend
r - release bend
/ - slides
~ - vibrato
t - right hand tap
x - play 'note' with heavy damping
 - harmonic

Main Riff (repeat twice) You can play it in power chords or not.

```
            G              D             C

    G
```

Guitar (using a slide, I tabbed it for non-slide, it sucks this way, don't do like me, buy a slide)

```
      C           D              G
```

Verse

```
C                     D               G

Well everytime that I come...
C                            D             G

It seems that all the friends...

C                       D            Em                    C

Well, I appreciate your feelings and I don't want to .... ....

(main riff)
G                       D               C                   G

But I don't ask you about your business, don't ask me ..... ....
```
